## WORK BEGUN

On the New Double-Track Electric  
Line to Linnton.

Last Monday morning Lafe Pence  
began work on his double-tracked  
electric railroad from Portland to  
Linnton on the opposite bank of the  
river from St. Johns. Two shifts  
of men are at work, each working  
ten hours. To facilitate operations  
the county rock crusher, roller and  
sprinkling machine were loaned to  
Mr. Pence until the machinery he  
has ordered arrives. The work of  
building the road will be rushed  
through without delay. By the  
terms of his franchise Mr. Pence is  
to have the east 20 feet of the coun-  
ty road for use as a roadbed, and  
in consideration for the same is to  
widen the county road through to  
Linnton and furnish crushed rock  
and gravel for the same. The en-  
tire line of county road through to  
Linnton is also to be sprinkled by  
Mr. Pence for ten per cent less than  
it would cost to have the county  
prisoners do the work. For the  
use of the county machinery he  
also agrees to deliver crushed rock  
on the county road below Linnton  
for ten per cent less than it can be  
done by the prisoners. It is ex-  
pected the road will be ready to be-  
gin operations by October 1.

## THE ELDER

Will Be Repaired in the Dry Dock by  
a St. Johns Concern.

Bidding against the machine  
shops of Portland the St. Johns  
Steel Shipbuilding Co. of St. Johns  
succeeded in landing the contract  
for repairing the steamer Geo. W.  
Elder now in the drydock on the  
water front. It was not the lowest  
bid that secured the contract. The  
equipment of the home institution  
for handling this class of work and  
the class of mechanics employed  
were the factors that gave the work  
to Manager Kelly's concern. The  
contract calls for replacing the  
damaged plates and bulkheads and  
the repairs to the machinery. The  
exact figures were unable to be  
learned. Work is now in progress  
and will be pushed with vigor. It  
will probably be five or six weeks  
before the steamer is ready to leave  
the drydock.

Very few people who visit the  
drydock to see the steamer Geo. W.  
Elder have any idea what it costs  
her owners to hold her up out of  
the water pending repairs. The  
dock charges are so much per ton.  
The first day the steamer was in  
the drydock the charges were about  
\$450. At present it costs J. H.  
Peterson \$120 for every day of 24  
hours that his boat remains in the  
dock. This means eight and one-  
third cents a minute. She has been  
in the dock three weeks and it is  
said that she will be obliged to re-  
main about 40 days longer before  
repairs are complete.

Mrs. Mary Jane Seeley died at  
her home in Leuts, Ore., on the  
19th inst. after a lingering illness of  
consumption. Mrs. Seeley was  
well known to all the older residents  
of St. Johns, having lived here for  
many years. She was the eldest  
daughter of M. S. Crook and sister  
of J. H. Crook. A husband and  
five children survive her. The in-  
terment took place in Multnomah  
cemetery on the 21st.

The heat of Sunday arrived just  
in time to give the epicurean house-  
wife who persists in getting up a  
"big dinner" on the day of rest a  
good broiling. Fanned by the draft  
that came from an oven full of roast  
beef the thermometer on one porch  
in town registered 98 degrees, while  
the heat in the vicinity of the male  
members of the family was a pitch-  
er of lemonade, a fan and two  
towels strong.

In Bonham & Currier's show  
window last Saturday were two  
boxes of Royal Anne cherries raised  
by Pascal Hill that were as fine as  
anyone wished to see. In the cen-  
ter of the box the name "Hill" was  
formed with Black Republican  
cherries. They were prize boxes  
of fruit.

The property owners on Ivanhoe  
street in the district recently graded  
by Contractor Gee are raising a sum  
by private subscription for the pur-  
pose of graveling the surface of the  
roadway. It will be a substantial  
and lasting improvement.

Celebrate the Fourth in St. Johns.

## OUR BALL CLUB

Won a Game and Lost One at the  
Home Grounds Sunday.

Two games of ball were played  
at the Hill grounds Sunday, the lo-  
cal club capturing the morning  
game and losing the afternoon con-  
test. Their opponents in the first  
game were the employees of Jacob-  
son, Bade & Co.'s plumbing estab-  
lishment of Portland, and were easy  
victims. Our boys outplayed them  
on all points of the game and won  
readily by a score of 15 to 4. The  
line-up follows:

St. Johns.	The Plumbers.
Peterson.....catcher	Rodgers
F. Loy.....pitcher	Steiver
R. Loy.....1st base	Vaughlie
F. Talbot.....2d base	Geatling
Adam.....3d base	Trogan
Lee.....short stop	Hanges
Bigerstaff.....right field	Loveday
R. Talbot.....center field	DeTemple
Poff.....left field	Lyons

Umpire, C. C. Garfield.  
In the afternoon the St. Johns  
team ran up against a different  
proposition, although they should  
have won the game. The Tawauna  
nine of Portland were their oppo-  
nents, and while they did some  
great work in the preliminary prac-  
tice, they failed to put up the real  
article when the contest was on.

The Portland lads brought a one  
armed pitcher with them, probably  
as a mascot, but if such was their  
object it failed miserably, because  
the locals refused to be mascoated  
and drove the ball to all parts of  
the lot. The one-armed wonder  
was glad to be relieved in the early  
part of the game, his successor  
being an improvement in the art of  
twirling. The warm weather and  
being worn out from the morning  
affair were responsible for the home  
club's defeat, although the gener-  
osity of our pitching staff in giving  
free passes to first base, most of  
which resulted in runs, was a great  
help to their opponents.

The Portland club filled up their  
nine with several St. Johns boys  
(their entire team not arriving) and  
their good batting were chief fac-  
tors in winning the victory.

St. Johns boys showed great im-  
provement in stick work, the bat-  
ting of Scales and F. Loy being  
particularly good. The fielding of  
Adam and Poff were also features.

The St. Johns band was in at-  
tendance and discoursed a few se-  
lections between the innings that  
were greatly appreciated by all.

Gardner officiated as umpire in  
his usual pleasing and satisfactory  
manner, and taught the Portland  
boys a thing or two. Gardner is  
impartial in his decisions and makes  
a good man for the position.

The score was 20 to 18 in favor  
of Portland, the latter scoring seven  
runs in the ninth inning—a heart  
rending finish for our boys.

The line-up:

St. Johns.	Tawauna.
Parker.....catcher	Swint
F. Loy.....pitcher	Jacobson
H. Loy.....1st base	Osborne
Lee.....2d base	Walker
Adam.....3d base	Smith
Scales.....short stop	Seiver
Bigerstaff.....right field	Madison
R. Talbot.....center field	Tankie
Poff.....left field	Crook

## Enjoyable Occasion.

Mrs. A. W. Markle delightfully  
entertained a number of ladies on  
Friday evening last. Social chat,  
french, a dainty lunch and more  
games comprised the evening's  
pleasure. The house was beauti-  
fully decorated with flowers. The  
guests were: Mesdames Babbitt,  
Bolton, Hinman, McKeon, Mans-  
field, Ogden, Sprague, Thorndyke,  
Raser, and Misses Brown and Jean  
McCombs.

## Unknown Friends.

There are many people who have  
used Chamberlain's Colic, Cholera  
and Diarrhoea Remedy with splen-  
did results, but who are unknown  
because they have hesitated about  
giving a testimonial of their ex-  
perience for publication. These  
people, however, are none the less  
friends of this remedy. They have  
done much toward making it a  
household word by their personal  
recommendations to their friends  
and neighbors. It is a good medi-  
cine to have in the home and is  
widely known for its cures of  
diarrhoea and all forms of bowel  
trouble. For sale by Jackson's  
Pharmacy.
